

Function Room

Altogether Rialtos has a capacity of 200 people including a function room available for up to 100 people. Furnished to a high standard, our function room is perfect for weddings, birthdays, banquets or special occasions - we would also welcome charity night, for which we would offer a special package with a warm welcome for a drinks reception.

We can cater a bespoke menu for your every need. You can tailor your package from our main menu and leave the rest to us for the perfect event.
